COVID-19 Challenges

Council has continued to meet the challenges of adapting Council services in line with direction from the Commonwealth and Northern Territory Governments, including the closure of all our public facilities and playgrounds, however, at this time Council staff and contractors remain working and continue delivering services to our community.

Council has been innovative and agile in its response with the dynamically environment. Council has already implemented a range of initiatives and are planning more to ensure community engagement, well-being and support during these times.

Council has already started to deliver the following services:

- Storytime Online via Facebook. This popular bi-weekly event has been transformed into streaming event online to ensure children and parents can still participate from their home. Recent guests include Her Honour the Honourable Vicki O'Halloran AO, Administrator of the Northern Territory (1K views) and Chief Minister of the Northern Territory Michael Gunner (7.4K views) and views respectively.
- Council has continued its #supportlocal campaign to promote local businesses and services that has seen social distancing restrictions change the way we operate. Council in partnership with the NT

A Place for People

News has been advertising local Palmerston businesses that are trading to assist locals trying to support local businesses.

• Council launched the support local competition, where members of the public are asked to spend at least \$20 at a Palmerston business for an opportunity to win one of four weekly vouchers of \$100 to spend with a Palmerston Business or put towards fees and charges with Council (e.g. Rates). Details on how to participate are on Council's website.

- Free timed parking options in Palmerston include free all-day parking in the city area will continue
 until 30 June 2020. This initiative will support local businesses and workers who are parking in the
 city centre, and ensures health and safety measures for our community, with parking users no longer
 required to pay or display a ticket from a parking machine.
 - Council has also started providing refunds to members of the public who purchased parking permits. The refund form has been made available on-line at Council's website.
- Council continue to promote the its "Liveable Cities" grant scheme which encourages commercial
 property and business owners to undertake upgrades and renovations to shopfronts through dollar
 for dollar funding, up to the value of the property or business owner's annual rates. Commercial
 property and business owners are encouraged to take advantage of the grant scheme and can find
 out more by contacting Council directly through palmerston.unt.gov.au.
- Council reviewed its Rates Concession Policy, simplifying the processes and decision making regarding financial hardship, and interest waiver requests from rate payers.

 Over 195 applications were received over the first three days.

 The Archer Waste Management Facility continues to see increasing usage over weekends with over 1000 users per day on a Saturday and Sunday compared to approximately 500 users on a Saturday and 600 users on a Sunday. Social distancing measures are in place to ensure the wellbeing of users. Delays are being experienced as a result and Council is asking users to please be patient and we thank them for understanding.

LGANT General Meeting

I attended the Local Government Association of the Northern Territory (LGANT) General Meeting on 16 April 2020 via Zoom video conferencing. The Minister for Local Government recognised and acknowledged the early and important work undertaken by Council in response to COVID-19 for the Palmerston community including grant initiatives and advocacy for funding partnerships. I will provide a verbal update at the meeting.

Team NT Business Rescue and Recovery Forums

The Chief Executive Officer and I have attended Team NT Business Rescue and Recovery Forums hosted by the Department of Trade, Business and Innovation. The forums loom at measures in place to stimulate the economy.

Meetings with Local Members of the Legislative Assembly (MLA's)

I continue to hold regular meetings with local MLA's to discuss COVID-19 challenges and Palmerston matters.

Senator McMahon

I continue to discuss with Senator McMahon, Australian Government funding commitments and opportunities particularly for the Gray Community Hall Expansion (\$1.445 million) and the Splashing Out – Palmerston Pool renewal (\$10 million).

Anzac Day

Due to COVID-19 restrictions Council has been working with the Palmerston RSL to explore alternatives to the normal services.

People are being encouraged to stand at the end of their driveway from 6.00am on 25 April 2020 to mark the occasion and show our respect at dawn.

A Place for People

Plans are being developed to place a sticker of a poppy on driveways. Numbers of poppy stickers are limited, and preference will be given to RSL members and defence.

Northern Territory Government (NTG)

Council continues to work with the NTG regarding COVID-19 stimulus. Most recently a letter has been received from the Chief Minister regarding potential partnerships for rates concessions for commercial and industrial properties.

Community Advisory Committees and Committees

All planned Community Advisory Committees and Risk Management and Audit Committee meetings have been postponed due to COVID-19.

All non-essential Council workshops have been postponed; however, essential workshops will recommence through the use of an online meeting platform or with social distancing measures in place.

Recreation Centre

Although the Recreation Centre has been closed, the Council is currently in the process of refurbishing the old floor in the foyer. The old damaged vinyl has been removed with the underlying concrete slab being polished, providing a hardier and cheaper option that looks great. Council is taking advantage of the closure to get this work done now while we have the opportunity to not disturb regular users of the facility.

Activate KIDS School Holiday Program - 16 Dec - 24 January

The Activate KIDS School Holiday Program was once again held during the Christmas School Holidays from 16 December to 24 January. One activity was held each day during the five-week program, with nine suppliers each offering something different from circus skills to gardening activities. Activities were suitable for children from age 3-16, with most activities broken up into smaller age groups to ensure they were age appropriate. Over 250 kids registered for the program, with attendance at each session ranging between 2 and 24. Children between the ages of 5 and 7 years most represented, and most kids attended 3-5 sessions throughout the program.

Activate - 3 February - 23 March

A refreshed Activate program was launched in January, with a change to the format. This year the program will be run in three eight-week blocks over the course of the year. Participants pay a \$20 registration fee (\$10 concession) to access all sessions offered in the 8 week block, with the first block running from Monday 3 February to Sunday 29 March. Over 250 participants registered for Block 1 with an overall active attendance rate of 65%.

Attendees at the first Activate Zumba class, hosted by Adrijana Nayler

The change in program from last year's free 45-week program aimed to connect participants with local health and wellbeing businesses and services, showcase and offer a taste of classes from a range of different local businesses and assist them in continuing to attend the classes after Block 1 finished. Despite being cut short by one week due to the COVID-19 Crisis, the mid-block participant survey indicated that the change was broadly welcomed by participants and suppliers alike.

As we enter this unprecedented situation, Block 2 of Activate (scheduled to begin on Monday 1

QUARTERLY REPORT/January to March 2020

June) will be postponed until further notice. In the meantime, City of Palmerston is investigating Activate Online, a platform where online health and wellbeing sessions can be accessed by anyone in the Palmerston community who has a computer, tablet or smart phone.

The aim of Activate Online, is to provide an ongoing platform for businesses in the health and wellbeing sector to; promote their businesses, connect with client and build their supporter-base during this economically-strained time, while giving the community an opportunity to access classes from home, promoting active lifestyles and connectedness in an otherwise isolated and uncertain environment.

Activate Online has already received a number of expressions of interest from previous Activate suppliers, and if launched, will grant users access to a directory accessible of health and wellbeing businesses and services, a timetable of live workout sessions online, as well as a video library of recorded workouts which can be streamed online at any time.

Ranger Services Update

Positive Pets Palmerston

City of Palmerston's new Animal Education Program 'Positive Pets Palmerston' branding has been created. This gives a positive light to Council initiatives and approaches towards animal management within our Municipality.

As part of the branding, a social media photo frame, head in hole banner and events marquee with Rangers Services designed tablecloths, have been created to further enhance our ability to engage with our animal owners and community members.

Filming of Animal Education videos for Facebook and possible television screening has commenced and is currently in the editing stage. These videos will be strategically released over the course of the year to align with the Animal Education calendar.

Is Your Pet a Hero?

In conjunction with the filming, there is a set of engagement challenges to be released to further engage community members. These have been titled '<u>Is your pet a superhero?</u>'. The aim of these challenges, is not only to engage our residents with their pets (which in turn will help reduce the nuisance behavior that Council Rangers deal with on a daily basis), but to encourage them to see the good in their pets, with rewards for those judged as best at these challenges.

Bark Information Session - 12 February

City of Palmerston's Animal Management Program, first Bark Information Session was held in the Recreation Centre on Thursday 12 February. PAWS Darwin helped facilitate the session and approximately 8 people attended. The main topics being, Statutory Investigation, Legal Interpretation and Application, Powers of Officers, Penalty Notices and Handling Conflict. This program combined the essential elements of the Power of Entry, Investigation Skills, Infringement Notices and Dealing with Conflict and Aggression.

After-hours Engagement Patrols

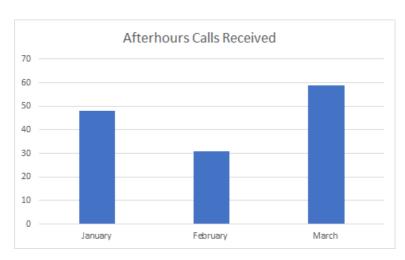

Rangers conducted random after-hours engagement patrols on a weekly basis, within the community, to address dog off lead and dog aggression issues in public spaces. The time and days are random within the following timeframes: Monday to Sunday 6am – 8am and 5pm – 7pm

During COVID-19 restrictions, these specific patrols have been put on hold.

Rangers attended afterhours calls with a total of 138 calls received between January to March 2020. These range from dog menace, dog attack to 'dogs at large', (the most common reason for afterhours call outs), reflected in the increased figures in the Animal Infringement table below.

Dog Attacks Infringements

Of the 11 Dog Attack infringements issued in this quarter, four of these fines were from the completion of investigations from incidents that occurred in December 2019 (with fines issues in January 2020). There were two attack fines each issued to two individual owners for their two dogs attacking another dog. The remaining seven infringements that occurred in this quarter were predominantly for dog attacks on other dogs.

City of Palmerston De-sexing Scheme

The City of Palmerston De-sexing Scheme has been released and has begun with twelve animals booked to receive de-sexing surgery and microchipping as required. Six of those surgeries have already been completed. Many of the residents who have taken up this opportunity have dogs that are currently registered with Council, with the remainder being registered immediately after surgery.

Traffic and Parking Infringements

As the table indicates, there has been a downward trend in the January to March 2020 figures compared to October to December 2019. The reasons for these changes are the free parking initiative over the Christmas and New Year holiday period and more recently the COVID-19 restrictions with traffic infringement activity ceased from middle of March 2020.

During this quarter there were a total of 338 CBD parking infringements and 2 outside the CBD.

Palmy Making Something Out of Nothing (MSON) Music Project – Weekly – January - March Members Projects are coming along very well. Confidence and performance attitudes are improving with each attendance. We are now fusing different styles and mixing and matching the students for a challenge and to encourage teamwork. Having a few girls in the group really widens the diversity in the room and the collaborations and effort from everyone has been amazing.

Due to the COVID-19 restrictions, this program has been adapted to become a virtual meetup via Facebook Group and Zoom. It will continue to operate this way until further notice.

Freestyle Friday Dance Meet Up - Weekly - January - March

Freestyle Fridays is a joint initiative designed by Express Studios Director 'Triki' and City of Palmerston. This free program creates a safe environment delivery for a dance platform specializing in the HipHop. Combining with dance troupe 'Dance Enforce', a young crew of student dancers and choreographers from Palmerston aim to better their skills and create 'showcases' that will be demonstrated across the NT in upcoming events and competitions.

Due to the COVID-19 restrictions, this program has also been adapted to become a virtual meetup via Facebook Group and Zoom. It will continue to operate this way until further notice.

Moulden Community Garden

Plans for the proposed Moulden Community Garden have continued this quarter, with the confirmed site at Stanley Park, directly across the road from the initially proposed site and existing Edible Pocket Garden. The proposed plans set out a Gulumoerggin Seasonal garden, an educational garden highlighting the traditional Larrakia seasons, demonstrating Indigenous knowledge, and

local foods. Community consultations have continued, working with Larrakia Nation, Grow Well Live Well, and leaders from the Gray Community Garden to create key communication channels with members of the community.

A series of community consultation barbeques at the proposed site were scheduled to be delivered in partnership with Larrakia Nation in early April, however these have been indefinitely postponed due to the COVID-19 restrictions. The intent of the consultation is to further community involvement and feedback and inspire community ownership of the garden. These gatherings will be rescheduled once it is safe to do so, with finalisation of the plans, costing, and construction to follow in the months thereafter.

4. A future focus

Palmerston is an innovative city that sustains itself through the challenges of the future.

Palmerston Swimming and Fitness Centre

The YMCA of the Northern Territory operates the Swimming and Fitness Centre on behalf of the City of Palmerston.

The facility has continued to see great participation over the past three months, with 6,351 visits in January, 5,568 visits in February and 5,864 visits in March. This was an incredible increase of attendance, up 2,719 from the same quarter last year. The facility was closed from 25 March due to COVID-19 restrictions.

In January we saw a continuation of people taking advantage of the FREE pool access resulting in a 36.5% increase in participation compared to the previous year.

YMCA's Ed Gym and Rec Gym programs were part of the Kid's Activate program with more than 100 participants attending the FREE sessions.

In February the YMCA recorded a significant drop in Recreational Swimming, due to the FREE pool

QUARTERLY REPORT/January to March 2020

access initiative finishing at the end of January. However, participation through member and visit pass attendances made up for the losses in Recreational Swimming, with the YMCA recording a record 2,109 participations in this area. The YMCA ran a 'New Year, New You' campaign for the Gym which saw 42 new members join, resulting in a new month end record membership number of 180.

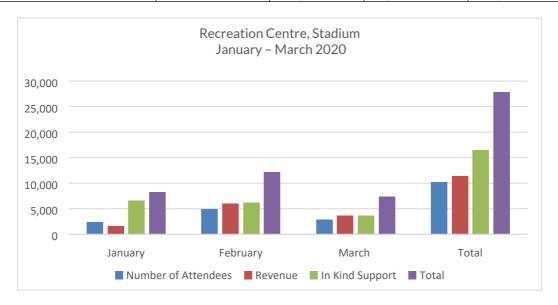

At the beginning of March, the community saw the reintroduction of the highly anticipated FREE pool access program. YMCA have advised that this initiative was well received by the community, and patrons were very appreciative of the refunds offered to existing aquatic membership and visit pass holders. The second half of March was overshadowed by the facility closure due to COVID-19 restrictions. Council officers were provided with YMCA's Phase 1 (social distancing) Management Plan on 16 March, which detailed various operational controls around the effective management of the social distancing, communication to the public and suggested program/service alterations. Directives from federal and territory government evolved rapidly with the mandated closure of the gym component of the facility on 23 March and the aquatic component/remainder of the facility on 25 March. YMCA management provided council officers with a business Closure Plan for both facets of the facility, which were executed by the operational team in line with each deadline. YMCA thanked City of Palmerston Council for their continued support during this trying time and look forward to reopening the facility when deemed feasible.

From 23 March 202, due to COVID-19 restrictions, all Council Community facilities were closed until further notice.

COUNCIL REPORT

2nd Ordinary Council Meeting

AGENDA ITEM: 13.2.1

REPORT TITLE: Marlow Lagoon Dog Park - Update April 2020

MEETING DATE: Tuesday 21 April 2020

AUTHOR: Acting Director City Growth and Operations, Alex Douglas

APPROVER: Chief Executive Officer, Luccio Cercarelli

COMMUNITY PLAN

Future Focused: Palmerston is an innovative city that sustains itself through the challenges of the future.

PURPOSE

This report seeks to inform Council on the status of the community consultation for the proposed upgrade to the dog park due to be finalised and reported to Council at the 2nd Ordinary Meeting in May 2020.

KEY MESSAGES

- Marlow Lagoon Pet Park is the only pet park in the municipality and is highly valued by users.
- It is important given the community value of this facility that appropriate and adequate consultation is undertaken to inform decisions.
- Local company True North Strategic Communications were engaged to undertake on-line and faceto-face consultation.
- Due to the COVID-19 restrictions imposed by the Australian and Territory Governments the consultation process has been suspended.
- The delivery of the project was scheduled for 2020/2021 subject to budget considerations this is still considered achievable.
- There was a limited number of responses received from the online survey prior to suspension.
- Given COVID-19 adequate consultation cannot be undertaken, it is being recommended that consultation be suspended and postponed.

RECOMMENDATION

- 1. THAT Report entitled Marlow Lagoon Dog Park Update April 2020 be received and noted.
- 2. THAT Council endorse the suspension of community consultation for the Marlow Lagoon Dog Park Improvements with a report to the 2nd Ordinary Meeting in August 2020 to review consultation options considering the prevailing COVID-19 emergency response restrictions.

A Place for People

BACKGROUND

At the 2nd Ordinary Council Meeting of 18 February 2020 Council made the following decisions:

13.2.2 Marlow Lagoon Dog Park Improvements

9/0374

- THAT Report Number 9/0374 entitled Marlow Lagoon Dog Park Improvements be received and noted.
- 2. THAT Council undertake community consultation on the Marlow Lagoon Dog Park Concept Plan presented at Attachment A in Report Number 9/0374 entitled Marlow Lagoon Dog Park Improvements with a report on the outcomes of the consultation to be presented to Council at the 2nd Ordinary Meeting in May 2020.

CARRIED 9/1001 - 18/02/2020

The restrictions affecting social distancing and avoidance of public gatherings has clearly impacted on the ability of Council to undertake face-to-face informed and adequate consultation on the proposed improvements to the dog park facilities.

DISCUSSION

The report considered by the Council on 18 February 2020 outlined a concept plan to improve the scale and range of activities for dogs and their owners at the Marlow Lagoon Reserve. The concept as presented has an estimated cost of \$260,000 in Stage 1 and \$257,000 in Stage 2. The report advised on the scalability of the improvements and hence the potential final cost.

Local consultation company True North Strategic Communications were engaged to prepare a consultation strategy and the methodology is summarised as follows:

- Meet with stakeholders with a high level of interest in the project
- Target stakeholders through existing channels, events and groups
- Inform people about the consultation through online information, outdoor signs, posters, fact sheets, face-to-face discussions
- Hold two information sessions at the park to provide more detail and discussion
- Visit the park for one-on-one discussions and to conduct surveys
- Encourage feedback via the online or hard copy survey, phone and email

A meeting with the Palmerston Animal Management Advisory Committee (PAMAC) had been arranged for 25 March 2020 however this was cancelled due to COVID-19.

The online survey had commenced on 6 March however due to the suspension of the meetings involving face-to-face forums it was considered prudent to remove the survey from Council's website on Thursday 2 April due to the uncertainty of the timeframe restrictions.

At that time there had been 20 surveys completed.

Additional information can be provided on the survey responses to date however in the absence of face-to-face meetings with stakeholder groups and individual users the information may not be fully representative.

The original timeframe aimed for community consultation to be completed by 24 April 2020.

A Place for People

It is being recommended that due to COVID-19 restrictions that community consultation be postponed and reviewed in August 2020.

At this stage it is anticipated that the Stage 1 of the project could still be delivered in 2020/2021 subject to budget considerations.

CONSULTATION PROCESS

POLICY IMPLICATIONS

There are no policy implications for this report.

BUDGET AND RESOURCE IMPLICATIONS

The project was anticipated to be staged and subject to Council budget considerations.

Stage 1 of the project has been referred to the 2020/2021 draft budget considerations.

If supported, even with delayed consultation it is anticipated that Stage 1 would still be delivered in 2020/2021 subject to any ongoing COVID-19 issues.

RISK, LEGAL AND LEGISLATIVE IMPLICATIONS

There is a risk that ongoing COVID-19 issues will further delay consultation and the project, this will be reviewed in August 2020 and Council updated.

Continuing consultation presents a risk that consultation and the results informing Council may not be adequate and appropriate.

Delaying the consultation will delay the delivery of Stage 1 of the project, however at this stage and subject to the 2020/2021 budget, it is still anticipated Stage 1 could be delivered in 2020/2021.

This report addresses the following City of Palmerston Strategic Risks:

- Fails to effectively regain the trust from all stakeholders
 Context: Council needs to credible and trusted by those within and external to the Council.
- 6 Fails to create and deliver the strategic vision for the City Context: Ensuring a vision is enduring and clear to all relevant stakeholders, guiding future decision making, delivered effectively and efficiently, and that progress is measurable and celebrated.

The Council has demonstrated due diligence in responding to the COVID-19 emergency and showing community leadership in implementing those restrictions and requirements. Continuance of the consultation process would have generated mixed messages.

Dear Mayor

BUSINESS HARDSHIP PACKAGE

Thank you for your support in fighting the pandemic, COVID19.

The Northern Territory right now is the safest place in the country - and we cannot take it for granted.

That means we will have to keep making tough decisions to save the lives of Territorians.

Like me, you will have seen the impacts of tackling coronavirus first hand - there are a lot of Territorians hurting right now and we have to do everything thing we can to keep businesses open and people working.

The National Cabinet has recognised that the only way for all of us to get from where we are now to the other side of this pandemic is if we spread the economic pain.

Yesterday, National Cabinet agreed to a mandatory Code of Conduct for commercial tenancies. That mandatory code will apply to tenancies where the tenant or landlord is eligible for the JobKeeper Program, and is designed to support small and medium-sized enterprises.

The code brings together a set of good-faith leasing principles, with the key principle being that landlords must negotiate with their commercial tenants to agree on a rent reduction proportionate to the reduction in the tenant's business through a combination of waivers of rent and deferrals of rent.

The key message from the code is that all parts of the economy should share the burden of the financial hardship being experienced by businesses as a result of COVID-19, including Commonwealth, Territory and local governments, landlords, tenants and the banks.

In recent weeks the NT Government has released a Jobs Rescue and Recovery Package worth \$115 million.

In line with the National Cabinet agreement, today the Territory Government has agreed to a further \$180 million *Business Hardship Package* for those businesses that have suffered hardship as a result of COVID-19, noting that many of these businesses are operating from leased commercial properties.

To qualify for the Hardship package, businesses that have a turnover of up to \$50 million must be able to demonstrate that their revenue has dropped by at least 30% (50% for larger businesses for payroll tax relief) when compared to the same month (or three month period) in 2019. This is consistent with the hardship test for the Commonwealth's JobKeeper payments.

The Territory's contribution to this package will see a reduction in payroll tax receipts of up to \$130 million and a further \$50 million to provide a 50% reduction in regulated utility tariffs to affected businesses for 6 months.

To support this \$180 million package, I am asking local governments to also contribute by providing a three month waiver of rates, followed by a three month deferral of rates, for these affected businesses.

This is targeted relief that will help as many businesses in hardship as possible survive.

If you agree we can provide this urgent relief to business quickly.

Legislative work to achieve this outcome will take time businesses don't have.

If you are worried about this placing your Council in a deficit position the Department of Local Government, Housing and Community Development has already been working with councils and the Local Government Association of the Northern Territory, to develop options for councils to ease the burden on commercial ratepayers. I also know that some local councils are considering options that go further than the above request. I thank you for your work so far to support businesses to get through the COVID-19 crisis and ensure they will be able to continue post this crisis.

I understand this request may be difficult for some councils to achieve and I ask that you continue to work with the Department of Local Government, Housing and Community Development to navigate through these issues and to ensure that councils can help share the financial burden, as agreed by all Australian jurisdictions.

I will make sure as many of us as possible get to the other side of this - you, me, business, all of us. I thank you in advance for helping Territory business.

Yours sincerely

MICHAEL GUNNER
